

Legal Services Commission: Statistical information pack for financial year 2009-2010

Introduction

Please note: Tables CLS3, CLS4, CLS5, CLS7, CLS8 and CLS9 have either been added or re-issued in order ensure their methodology is consistent with 10-11 stats pack.

The Legal Services Commission is responsible for delivering, through high quality service providers, legal aid, advice and representation to people with problems in England and Wales.

We deliver legal services through two overarching schemes: the Community Legal Service (CLS) and the Criminal Defence Service (CDS):

- The CLS is a network of organisations which funds, provides and promotes civil legal advice and representation.
- The CDS provides legal advice and representation to people being investigated or charged with a criminal offence.

A detailed statistical analysis of our work, including comparisons over time, is available [here](#).

As with last year, figures are presented on an accruals basis, unless otherwise stated. Prior to 2007/08 figures were generally presented on a cash basis. The main impact of this on the statistical tables is that we are reporting on gross costs in civil representation cases closed during the year (tables CLS7 and CLS8 in this document). This has enabled us to include more detail on the types of cases paid for and the composition of the payments made.

These statistics give headline numbers on key aspects of the Legal Services Commission's work on providing legal aid including the number and type of providers, acts of assistance and outcomes.

Key points:

CLS: Controlled work

The number of acts of assistance increased by 9% between 2008/9 and 2009/10, from 1.16m to 1.26m. The increase included over 20,000 more acts of assistance than last year provided on a 'face to face' basis by solicitors and not-for-profit organisations, and over 80,000 more acts of assistance provided by the Community Legal Advice telephone service.

The number of contracts under different categories of law held by providers decreased by 7%, with more work therefore carried out under each contract.

CLS: Licensed work

There has been an increase in both family and non-family cases authorised between 2008/9 and 2009/10 – increasing by 12 per cent and 1 per cent respectively. This includes full help authorised for nearly 10,000 more Special Children Act proceedings in 2009/10 than in 2008/9.

The average cost of licensed work for family cases has increased by 1%, whilst for non-family cases it has dropped by 2%.

CDS: Crime Lower

There has been a 2% drop in the volume of cases for services provided (usually at a police station) to suspects who had not yet been charged, and a 1% drop in the volume of cases for services provided to defendants who had been charged (such as at a Magistrates court). There was a 2% drop in the volume of means assessment applications, and means assessments granted, at Magistrates Courts - the rate of applications being granted remained unchanged at 94%.

Average costs per claim decreased by 1% for both services provided to those who had not yet been charged, and those who had been charged.

CDS: Crime Higher

For Crime Higher (services provided at the Crown Court or higher courts), the effect of the introduction of the Litigator Graduated Fee Scheme (in January 2008) impacts the figures significantly. Claims for litigator (solicitor) work in Crown Court are now paid on

a different basis than previously, with timing changes affecting the level of expenditure relative to past years (bringing forward claims for earlier payment). Overall, expenditure on Crime Higher in 2009/10 was 5% higher than in 2008/9.

Note: The following tables provided last year are currently unavailable: FUND1, CLS3, CLS11.

Glossary of key terms

Some of the more technical terms used in the tables are explained below.

Act of assistance	An event which gives rise to a unique claim from a solicitor or not-for-profit service provider for giving advice, assistance or representation to one or more people.
Civil Representation	Representation by solicitors and barristers for civil cases, which could go to court.
Community Legal Service	The LSC provides publicly funded civil legal and advice services as part of the CLS network.
Controlled Work	Work under the civil contract that covers the basic levels of legal advice and representation, including initial meetings and in family cases negotiations, and is referred to as Legal Help or as Family Help Lower. It also encompasses Help at Court and representation in front of Mental Health Review Tribunals and the Asylum and Immigration Tribunal. In Controlled Work an act of assistance is every instance in which a service provider gives legal help to a client, not including representation in court.
Crime Higher	Legal representation in the Crown Court and above.
Crime Lower	Work carried out by our providers at police stations and in the magistrates' courts.
Legal Help	Legal advice and assistance.
Licensed Work	Work under the civil contract that covers all Legal Representation (representation by solicitors and barristers for civil cases which could go to court) except work covered by Controlled Work or Very High Cost Cases, which are managed under separate contracts.
Matter starts	A matter refers to an instance of help given by a service provider to a legal aid client under Controlled Work, and does not cover representation at court.
MoJ	The Ministry of Justice is the LSC's sponsoring government department.

When we grant public funding to an individual, their opponents or other third parties may make representations against the grant or continuation of funding. Representations may be made concerning the legal merits of the case, the financial means of the applicant, or both. Table LSC1 gives detailed figures about our handling of representations during 2008/09.

Please note the total representations closed out can be greater than those received as they include representations received from the previous year
