

YOU NEED A SOLICITOR

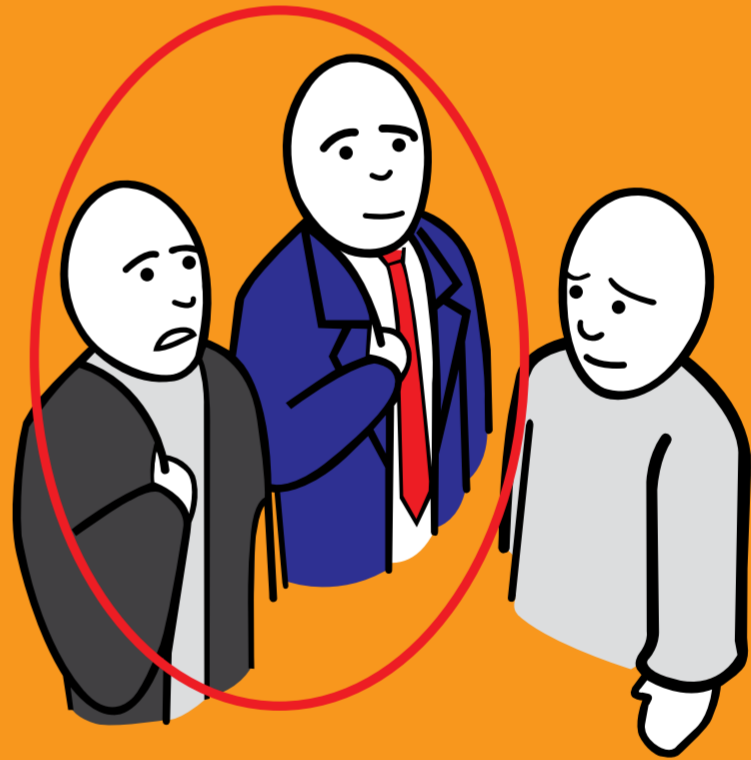

You need a solicitor. A solicitor is a lawyer who will help and support you when you have been accused of a crime. They are on your side.

You have the right to get help from an independent solicitor. It does not matter if you did or did not do a crime.

Ask the court staff for free advice from the independent duty solicitor.

You may get free legal aid to pay for your legal costs. But if you can afford it you will have to pay some money yourself.
