Technical Note and Disclaimer

Source

- The Police Station and Magistrates' Court source data for this document has been obtained from the Legal Services Commission (LSC) Supplier Management System (SMS) and the Corporate Information System (CIS). The data has been extracted from these sources using Oracle Discoverer.
- The Crown Court data has been obtained from the LSC's Crime Forecasting team who have sourced it from the Criminal Legal Aid Transition system (CLAT) system and the Crown Courts Litigator Fee (CCLF) system.
- The submission financial year 2008/09 has been used as the financial year for the purposes of this report. As claims are reported after the year end the volume of claims may vary and will include any adjustments.
- The Police Station attendance volume and value consists of number of claims made by providers and the value of those claims in the respective schemes in the financial year 2008/09. The value is inclusive of VAT and disbursements. Disbursements have been included in the expenditure figures to provide a more accurate value for attendance claims in the police stations.
- The Magistrates' Court volume and value information consists of numbers of standard fee claims made by the providers and the value of those claims in the respective schemes in the financial year 2008/09. The value is inclusive of VAT and excludes disbursements. Disbursements have been excluded from the expenditure figures to provide a more accurate value for standard fee claims in the magistrates' court. Disbursements may include payments to third parties, such as experts' fees, which therefore do not represent expenditure on solicitors' services.
- The Magistrates' Courts names have been mapped to the relevant police station schemes to determine the location of the work within CJS Areas.
- The Crown Court information consists of volume and value of AGFS, LGFS, Solicitors and Advocates EPF claims in the respective schemes in the financial year 2008/09.
- The Duty Scheme Membership data has been obtained from our local LSC Offices based on information collated and used to compile the July 09 Scheme lists. It represents the membership as at 14 July 09, and may not represent the current position at the date of publication of this document.

Disclaimer

- Information on overall volumes of work, and numbers and types of cases and the value of this work set out in this document is based on claims submitted by our current providers therefore, while we have taken all reasonable steps to ensure it is a true and accurate reflection of these claims, we do not make any representation or warranty as to the accuracy or completeness or otherwise of the claim information submitted to us.
