

Annex A: List of Duty Solicitor Schemes for the 2010 Standard Crime Contract

1. This document contains a list of the duty solicitor schemes under the 2010 Standard Crime Contract. Information is provided for each LSC office and CJS area at several levels, reflecting the administration of the duty solicitor scheme.
2. Police stations are grouped together into **pricing schemes**, with a police station fixed fee applying to each scheme. These schemes are used by the LSC to generate payments for police station work.
3. Scheme membership is based on the postcode of a provider's office, which determines which **eligibility scheme(s)** the office qualifies for. There may be more than one eligibility scheme within a pricing scheme.
4. A range of local arrangements operate within pricing and eligibility schemes to ensure effective service delivery, such as the division of areas between panels and rotas, and the division of rotas between weekday and weekend arrangements. There may be several of these **police station schemes** within each pricing and eligibility scheme.

Further information

5. Further information on the duty solicitor scheme is available from the Legal Services Commission website www.legalservices.gov.uk
6. Information available includes:
 - A postcode tool to determine which schemes a provider's office is eligible to join
 - The volume and value of police station and magistrates' court work by CJS area in 2008/09
 - The rules of the Duty Solicitor Schemes (at Section 6, Part A of the 2010 Standard Crime Contract Specification)
 - The arrangements for police station schemes operating as rotas
